

ThompsonHouse

Skilled Nursing ■ Residential Care

August 30, 2021

Dear Families and Friends,

Due to the rapid reemergence of COVID-19 transmission in our region, THOMPSON HOUSE WILL HALT ALL IN-PERSON VISITS IMMEDIATELY, AS OF AUGUST 31, 2021.*

We do not take this step lightly but, rather, out of an abundance of caution.

While no COVID-19 infections have been detected in residents or staff at Thompson House, it has appeared in two of the region's three nursing/long-term care facilities. As ever, the safety and protection of our residents is now and will always be our highest priority.

Window, video, and telephone communications will proceed – call 802-254-4977 to discuss video/conference call visits -- but there will be no face-to-face visits or contact until our Infection Control Protectionist deems the threat to have passed.

Again, we regret having to take this measure, knowing full well the hardships it places on residents and loved ones. Rest assured that we will reinstitute in-person visits as quickly as we're able to do so safely.

Thank you all so much for your continued support and understanding through these enormously trying times.

Sincerely,

Dane Rank

Dane Rank, Administrator

****We will revisit this policy weekly and will update families and friends on our current status via the Thompson House's Facebook page. Please watch that space for further updates.***
